

Policy Title: Transportation	Adoption Date 8/14/90
Non-Public School Student Transportation	Policy Number 702.11

Non-public school students who desire to utilize District school transportation may do so under the following guidelines:

1. Space must be available for public school students first;
2. Students must load and unload from an existing school bus stop;
3. The cost of transportation must be recovered by the District for the student(s) use of the bus;
4. Buses may not detour from their normal route to transport non-public students;
5. The rate to be charged will be determined prior to the start of school each year.
