

ELEMENTARY PBL (INTEGRATED PROJECTS) - 2ND GRADE

UNIT 1:

Me and My World

CONCEPT:

Interdependence, Perspective

DRIVING QUESTION:

What can I learn by exploring the world?

ENDURING UNDERSTANDING:

Me and my world are interdependent.

SUMMARY/DESCRIPTION:

Discover our world! In this unit we will understand living organisms and ecosystems. Students will explore maps, habitats, animals, communities, and plants. Do you want to learn more about the world you live in? Come be an explorer!

Unit 2:

Change in My World

CONCEPT:

Cause and Effect, Change, Force

DRIVING QUESTION:

How are communities affected by change?

ENDURING UNDERSTANDING:

Changes in environmental conditions affect communities.

SUMMARY/DESCRIPTION:

Our world experiences many types of change. We will explore weather events, earth processes, and human impacts on the environment. Students will be engaged in exploring a variety of forces, factors and elements that change their world. Come join us as we embark on understanding our dynamic world.

Unit 3:

Growth in My World

CONCEPT:

Growth, Change

DRIVING QUESTION:

How do our choices impact our lives?

ENDURING UNDERSTANDING:

Healthy choices provide opportunities for growth.

SUMMARY/DESCRIPTION:

Nothing stays the same forever! In this unit we will be exploring how living things grow and change. We will investigate how babies develop, nutrition, plant growth, personal safety and economic systems. Students will understand that choices impact lives. Come be a part of the change!
