

Dear Parent,

Occasionally we are forced to have an early closure of schools because of unforeseen circumstances. A storm closing the roads, power outages, heating or plumbing failures are some of the reasons school could be closed early.

We like to plan ahead with you to ensure your child's safety in an emergency. Please talk to your child about possible alternate plans. Will someone be at home? Can your child get into the house? Does a friend or relative live nearby where the child could go? Please consider that the telephones may not be working during a storm. Because of our large enrollment it is impossible to allow students to call for instructions. Buses leave immediately when school is closed.

Please fill out the form and send it to school with your child. Each teacher will keep the plans on file in the classroom.

WE HAVE DISCUSSED WHAT TO DO IN AN EMERGENCY WITH OUR CHILD,

(Child's name): _____
