

## Registration FAQs

1. If a student takes **Medical Technology**, how do the credits work?
  - a. The first semester counts as a CTE, the second semester counts for Health credit.
2. How can a student earn **PE** credit for athletics?
  - a. For IHSAA athletics and sports/clubs with an MOU with BCSD (i.e. SVSEF, Mountain Bike Team): up to one-half (.5) credit can be earned per sports season, for up to two seasons (1 credit total), if participation requirements are met
  - b. For non-IHSAA athletics without an MOU with BCSD: Take IDLA Lifetime Fitness – they can use their workout/practice hours to count for the IDLA workout requirement.
3. Does **Debate** count for **speech**?
  - a. Students taking Debate A and B meet the speech requirement.
4. What happens to **additional courses** in a category?
  - a. Students are required to take 6 credits of science...any additional science credits will be science electives and counted toward the elective requirements.
5. How do students indicate **IDLA** courses on their forms?
  - a. There are spaces for students to indicate IDLA courses and planned dates on the 4-year plan.
6. What constitutes “**Visual Art (VA)**” credit?
  - a. Visual/Performing Arts credits can be earned through music (band, orchestra, choir), art (ceramics, art) drama classes and some CTE courses labeled VA.
7. How many **World Language** credits are required to graduate from high school?
  - a. 2 World Language credits must be earned in high school (Spanish or French). Some colleges require more than one year of a foreign language.
8. What are the **CTE** courses?
  - a. Students must take one credit of computer applications and 2 other credits of another technology based course (Game Design, Software and App development, IT and Engineering Courses, Graphic Design, Multimedia)
9. How do I request an **Office Aide** class?
  - a. Students (sophomores and older) indicate that they are interested in a Office Aide position on their registration sheet and then will be assigned a location at the beginning of the year.
10. Do I have to take **math** all 4 years of high school?
  - a. The state of Idaho requires students to earn 6 credits of math in high school. Two of those credits **MUST** be earned in the senior year. We do **NOT** recommend skipping years of math, and highly recommend taking math for four years. Not having 4 years of math can negatively impact college options and preparation.
