

# Blaine County School District 2019 Community Survey

Your input on this survey is important. Please submit before December 21, 2019.

Blaine County School District needs the support of our community in order to succeed at the highest level. The Board of Trustees has designed the Community Survey below to help us better understand our strengths and address our weaknesses. Your specific and thoughtful responses will help us to continuously improve our school district as we work to inspire, engage, educate, and empower every student.

Your participation is completely anonymous. In order to protect your privacy, the Idaho School Board Association is administering the survey and storing the data. The ISBA will share the results at a school board meeting early next year. We plan to use this survey over multiple years to monitor our progress.
