# WRHS Community Service

**Community service** refers to service that a person performs for the benefit of his or her local community. The purpose of community service is to instill in you an awareness of the multiple needs of the community, a sense of moral obligation to help those less fortunate, and the desire to make your community a better place in which to live.

Remember that you represent your school when you are out in the community. Your actions are a reflection of you and your school.

## Community Service Parameters

Community service must be free of personal gain or compensation, and/or repayment of debt. It is not work completed for family or relatives or something you are already obligated to do (i.e. drama performance, dance recital, etc.). Community service will be approved or denied on an individual basis.

A form must be submitted for each activity that is completed within two weeks of the performed service. **NO EXCEPTIONS!**
