

BLAINE COUNTY SCHOOL DISTRICT #61

Responsible Use Agreement and Contract for Students, Employees and Volunteers

Dear Student, Employee or Volunteer:

As part of the School District's continuing effort to provide all students, employees and volunteers with high quality, up-to-date educational resources, we have Internet access on the computers in all Blaine County Schools.

Please know the entire administration and staff of the school district is committed to ensuring the use of computers and Internet access for only educationally sound and productive learning activities. During school activities teachers and other staff will guide students toward appropriate materials.

The School Board has adopted an updated Responsible Use Policy to comply fully with the federal Children's Internet Protection Act.

Each school will review the information in the District Computer, Network and Internet Policy in age-appropriate language before allowing him/her to use the Internet on a school computer. We also request that you review the policy with your child to reinforce the importance of Internet safety for all children. One rule that we consistently emphasize is that students, employees and volunteers should never give out personal information (home address, phone #, etc.) about themselves or others when using the Internet.

I understand, accept and agree to abide by the following terms and conditions:

- I have received and familiarized myself with the District Computer, Network and Internet Policy approved by the Blaine County School District Board.
- I will abide by the Terms and Conditions of the District Computer, Network and Internet Policy in my use of computing devices at school.
- I understand and accept that the purpose of the Blaine County School District network is educational, and other uses are inappropriate.
- I understand and accept that the use of the Blaine County School District network is a privilege and not a right. I understand that there is no guarantee of privacy using District technology.
- I understand that violation of the District Computer, Network and Internet Policy may result in disciplinary action ranging from a verbal or written warning to criminal prosecution.
